In its simplest form, academic writing includes an introduction, body paragraphs, and a conclusion. The introduction provides background information, lays out the scope and direction of the essay, and states the thesis. The body paragraphs support the thesis statement, with each body paragraph elaborating on one supporting point.

Use third person for all academic writing. For formal writing, such as research and argumentative papers, use the third person. Third person makes your writing more objective and less personal. For academic and professional writing, this sense of objectivity allows the writer to seem less biased and, therefore, more credible.
