Introduction to property valuation (Book, 2004) [WorldCat.org]

What is property valuation? Property valuation is the process in which the economic value of a real estate investment is determined, which often seeks to determine the fair market value of a real estate property, or the price at which an informed seller willingly sells his/her real estate property to an informed buyer. In other words, both parties have all the relevant information, and neither side is forced to sell or buy.
