## **Misc Engines Cummins B Series**

The Cummins B Series is a family of diesel engines produced by American manufacturer Cummins. In production since 1984, the B series engine family is intended for multiple applications on and off-highway, light-duty, and medium-duty. In the automotive industry, it is best known for its use in school buses, public service buses in the United Kingdom and Dodge/Ram pickup trucks. Since its introduction, three generations of the B series engine have been produced, offered in both inline-four and inl

## **Cummins B Series engine - Wikipedia**

Small, light and economical, our B-Series engines include a direct fuel injection for a cleaner, quieter, more fuel-efficient performance and offer outstanding value in terms of installation, simplicity and servicing, with valve clearance checks not required until 2,000 hours twice the industry standard. All the engines in this series perform well ...
