real-world examples of administrative work, as well as new thinking and developments in the field.

## **Public Administration: Concepts and Cases / Edition 9 by ...**

"Ethics and Integrity in Public Administration" presents cutting-edge perspectives on the role of ethics in public sector management - what it is and where it is going. The contributors include a cross-section of authoritative authors from around the globe, and from both the academy and government.

## **Ethics and Integrity in Public Administration: Concepts ...**

An ecological approach to public administration builds from the ground up (demographics of an area, social habits, technology etc). Gaus uses seven factors he feels are useful for explaining the process of public administration: people, place, physical technology, social technology, wishes and ideas, catastrophe, and personality.

## **Richard J. Stillman (ed), Public Administration: Concepts ...**

It is a book about public administration and actual case studies to show how it works in the real world. The book is hard to read, but that is kind of expected due to the topic. My real reason for giving it only 1 star is because the electronic version is missing the case study sections for chapters 5, 6, 9, 13, and 15 due to "copyright issues."
